

Evalueserve is growing; relocates flagship office to Unitech Infospace, Sec-48, Gurgaon

Gurgaon, April 15, 2014

Evalueserve, one of the largest pure-play KPOs in India, is moving 1,100 employees to a new office in Unitech Infospace, Sec-48. The decision was made in keeping with the company's growth plans over the next three years – to grow its employee base in India by 50% until 2017.

The new office, near Sohna Road, has a modern design and offers high-end technical facilities. "We have been experiencing a surge in demand from clients over the past one year and saw the need to ramp up our office facilities in Gurgaon accordingly. Additionally, it is close to Cyber Park, where we will continue to rent office space," says Ashish Gupta, COO, Evalueserve. "The new office facility offers us the infrastructure we need, especially to stay up-to-date with data security requirements and internet speed," he adds. Evalueserve has designed its five floors in the new facility keeping these aspects in mind. The floors have been designed to reflect the Evalueserve brand and provide an adaptable work space. "Our employees have often expressed a wish for a more colorful and vibrant office. That is why we designed this space from scratch, according to our wishes," says Gupta.

Employees will benefit from larger and brighter work areas, and well-planned leisure areas (cafeterias, breakout areas, and gym). The proximity to the highway will facilitate commuting to the office; Evalueserve will continue to support the use of public transportation by providing a shuttle service to and from the metro station.

About Evalueserve: Evalueserve is a global specialist in knowledge processes with a team of more than 2,700 professionals worldwide. As a trusted partner, Evalueserve analyzes, improves and executes knowledge-intensive processes and leverages its proprietary technology to increase efficiency and effectiveness.
