Evalueserve identified in London Stock Exchange’s ‘1000 Companies to Inspire Britain’

London, UK, 29 February 2016: Global professional services provider Evalueserve has been identified as one of London Stock Exchange’s 1000 Companies to Inspire Britain for the second year. The report is a celebration of the UK’s fastest-growing and most dynamic small and medium sized businesses.

Marc Vollenweider, CEO, Evalueserve said: “I am proud that Evalueserve UK Ltd. was chosen as one of the companies inspiring Britain once again. Our strategy is to focus on providing differentiated and insightful research and analytics. We leverage our powerful mind+machine approach to support our clients’ business decisions and help them improve productivity, time-to-market, and quality. We help to provide new capabilities by leveraging advanced digital technologies. By means of our unique approach, many clients improved their competitiveness in a tough global market place.”

Xavier Rolet, Chief Executive, London Stock Exchange Group said: “High growth SMEs are the driving force behind the UK economy, developing the skills, jobs and growth we need. But ambition alone is not enough; their success must be highlighted and their growth properly supported with appropriate finance. That’s why today’s event is so important: demonstrating the strong alliance between UK Government, financial market participants, investors, entrepreneurs and companies to support these inspiring businesses.”

“Today’s celebration is fundamental to London Stock Exchange’s core, the need to support UK high growth companies in their journeys from Start-up to Stardom and create an entrepreneurship revolution.”

Writing in the publication, The Rt. Hon. George Osborne MP said: “UK high-growth businesses are leading the charge in rebuilding our economy. These companies are the backbone of the British economy. They create high-quality, well paid jobs, innovate and drive economic growth. This government fully understands the need to support ambitious entrepreneurs and ensure they can access the finance they need to grow.”

“We have held the steadfast belief that – alongside deficit reduction – nurturing entrepreneurs, creating jobs, supporting hard-working families and keeping taxes low would get the UK economy back on track. Our measures to increase access to finance for business and encourage more investment have had a transformative effect on our economy.”

To be included in the list, companies needed to show consistent revenue growth over a minimum of three years, significantly outperforming their industry peers. More detail on the methodology can be found in the report online at www.1000companies.com.

About Evalueserve

Evalueserve is a global professional services provider offering research, analytics, and data management services. We are powered by mind+machine – a unique combination of human expertise and best-in-class technologies that use smart algorithms to simplify key tasks. This approach enables us to design and manage processes that can generate and harness insights on a large scale, significantly cutting costs and timescales and helping businesses that partner with us to overtake the competition.

We work with clients across a wide range of industries and business functions, helping them to make better decisions faster; reach new levels of efficiency and effectiveness; and see a tangible impact on their top and bottom line.
